## Leadership's Take

### Charting the Course

**Mr. K.O. Mathew**  
Chairman  
Dar Al Salam Schools

Dear Students,

Happy Children's Day! Today, we celebrate your spirit, enthusiasm, and potential. Childhood is a time of curiosity and boundless imagination, shaping the incredible individuals you'll become.

As Chairman, I'm proud to witness your growth and learning in our school, a place where dreams take flight. Embrace the joy of learning, make lasting friendships, and cherishing the journey of childhood.

Education is more than textbooks; it's about empathy, resilience, and positive impact. Each of you are unique with talents waiting to be explored.

May your days be filled with laughter, learning, and the promise of a bright future.

# Corporate Social Responsibility

**Mrs. Stephanie Mathew Thomas**  
Head- Sustainability and Strategic Growth  
Dar Al Salam Schools

Dear Students,

Happy Children's Day! I want to send my best wishes to each of you on this special day. You are the most important part of our school. Your excitement and curiosity make our school a lively place to learn – so does your energy, creativity, and new ideas.

You challenge us to improve how we teach and adjust to your needs. You have so much potential, and we believe in your abilities. It is my privilege to help you develop your talents and guide you to success. You're not just students; you're changemakers who will create a difference in the world. Your growth and progress are at the heart of our mission.

Also, your kindness, empathy, and friendships create a friendly and inclusive school environment. You support each other, forming lasting friendships that make our school a welcoming place.

This day, I celebrate you, our treasures, and remain committed giving you the best education and opportunities for your future. Together, we'll keep creating a safe,

supportive, and inspiring space where you can flourish.

# Greetings on Children's Day

Embracing the joy and wonder each child brings, we celebrate the essence of innocence and boundless potential. Our students, the heart of our school, inspire us daily, May their laughter echo through the halls, shaping a future filled with dreams and accomplishments. Happy celebrations, dear students.

**Mrs. Sujata Sivakrishnan**  
Principal  
Indian Central School

On Children's Day, I extend my warm greetings to all of you. May this day be a reminder of the joy and potential within each of you.

**Mrs. Sanober Farrukh**  
Principal  
Pakistan English School

# Greetings on Children's Day

Happy Children's Day! Your energy and enthusiasm light up our school. On this special day, I wish you joy and success in all your endeavors. May your studies be filled with curiosity and discovery, paving the way for a bright future. Embrace the journey ahead with passion and determination.

**Ms. Geetika Ahuja**  
Principal  
Aspire Indian International School

Here at ABSK, we are combining World Children's Day with our International Day celebrations. Each class will choose and study a different country to discover how children learn, grow, and play in that country and what special events and holidays they celebrate as well.

**Mrs. Charmaine Graves**  
Principal  
Aspire Bilingual School

As a culminating activity each class will share their findings with the rest of the school.

As a precursor to the November 20th our students have also created artwork to represent the joy of childhood experienced here in Kuwait. We hope you enjoy their efforts.

# Community Changemakers

## Indian Central School

Since childhood, superheroes have inspired us to serve the people. It is their determination and empathy that moved me. The Nepal earthquake in 2015 was a turning point in my life. After watching the aftermath on media, I joined hands with an organization that donated to the needy. Ever since the devastation in the Himalayan nation, I have been working with the change makers.

Rain Lalu (XII I)

I remember it all too well-planting trees in the large area near my house. The land was completely barren, until we decided that we should not leave it that way. We lined-up mango, coconut, and jackfruit saplings. We planted, watered and nurtured them. I could not fathom how the trees could help the ecosystem then. However, as we grew I understood that I was contributing to a great cause.

Eva Mariam (IX D)

# Community Changemakers

## Pakistan English School

My dad's passion for farming inspired me to care for plants and make a positive impact. Reviving plants became a group effort with my friends. It's amazing to think about the oxygen, shade, and fruits we've contributed. I encourage everyone to water a small plant outside their home. Let's all make the world a better place to live! So, what's stopping you? Get up, go outside, and make a difference!

Shees Iqbal (XI A)

Getting involved in charity is a truly rejuvenating experience for the soul. I want to demonstrate to others the immense joy that arises from the act of giving. When I see children reading the books I donate, it touches me deeply. The love I feel in those moments is priceless. I truly want to inspire others to donate books. I promise that the positive change they'll bring to the community will be truly worthwhile.

Muhammad Taha (XII A)

# Community Changemakers

## Aspire Indian International School

On Environment Day, AIIS initiated a tree-planting drive, fostering a commitment to sustainability. Students and staff came together, planting diverse saplings across the campus. This green initiative not only

enhanced our school's natural aesthetics but also contributed to a healthier environment, instilling eco-conscious values in the school community.

# Festival Fun

## Indian Central School

It was the first time I visited my home country in a Christmas season and being gifted with good memories. In spite of different caste and religion, everyone in my small town awaited the return of Santa Claus. The streets were lit. The fireworks enthralled us. There were

vendors with trinkets. While the elders of my family devoured the beauty of the parades, the young danced, sang, and laughed their hearts out.

Talia Elza Reegil (XII E)

# Festival Fun

## Pakistan English School

Children's Day is the most exciting celebration of the year at PES. It brings a lively spirit to our hallways and awakens the inner child in each of us.

Students are the building blocks of our school and we want to be the reason for their precious smiles on this occasion.

Fatima Akhtar (IX A)

# Festival Fun

## Aspire Indian International School

Children's Day at AIS was a jubilant affair, filled with laughter and joy. Colorful decorations adorned the halls, and lively performances showcased the talents of our

young stars. Games, treats, and an infectious spirit of camaraderie made it a memorable celebration, cherished by all.

# Festival Fun

## Aspire Bilingual School

Celebrating the joyous spirit of childhood, our Children's Day festivities were a kaleidoscope of laughter and creativity. From heartwarming performances to

vibrant displays of talent, our students shone brightly. Together, we embraced the magic of innocence, fostering a nurturing environment where dreams take flight.

# Healthy Habits

## Indian Central School

Our school prioritizes fostering healthy habits among students through a comprehensive approach. Firstly, physical education is integrated into the curriculum, ensuring students engage in regular exercise. Regular health check-ups and counseling services are available to address any health

concerns promptly. The school community collaborates with parents to reinforce healthy habits at home, creating a holistic support system for students.

Hasini Katta (XII E)

# Healthy Habits

## Pakistan English School

At PES, we prioritize the well-being of our students, both physically and mentally. Our art class allows grade 9 students to showcase their creativity through clay pots. Salwa, a grade 7-A student, finds reading to be a stress-reliever, expressing how writing helps

her in expressing herself wholeheartedly. Mousa from 7-C loves playing games with friends, enjoying physical activity. Together, we nurture holistic development at PES.

Salwa Mujaddidi (VII A)

# Healthy Habits

## Aspire Indian International School

AIIS fosters a holistic approach to well-being through invigorating yoga sessions and dynamic sports activities. Students engage in rejuvenating yoga practices, promoting mental clarity and physical flexibility. Additionally,

our diverse sports program cultivates teamwork and fitness. These activities instill a lifelong commitment to health and balance in our students' lives.

# Healthy Habits

## Aspire Bilingual School

During the month of October, ABSK makes healthy living a focus as it coincides with Childhood Cancer Day. While our grade 4 and 5 students discussed the importance of cancer research to improve the rate of children surviving cancer, our primary students discussed ways to keep the planet healthy.

This included the need to plant trees and to reduce, reuse and recycle materials to keep the planet safe and to reduce our footprint. They also explored ways to keep people healthy by exercising and making healthy food choices.

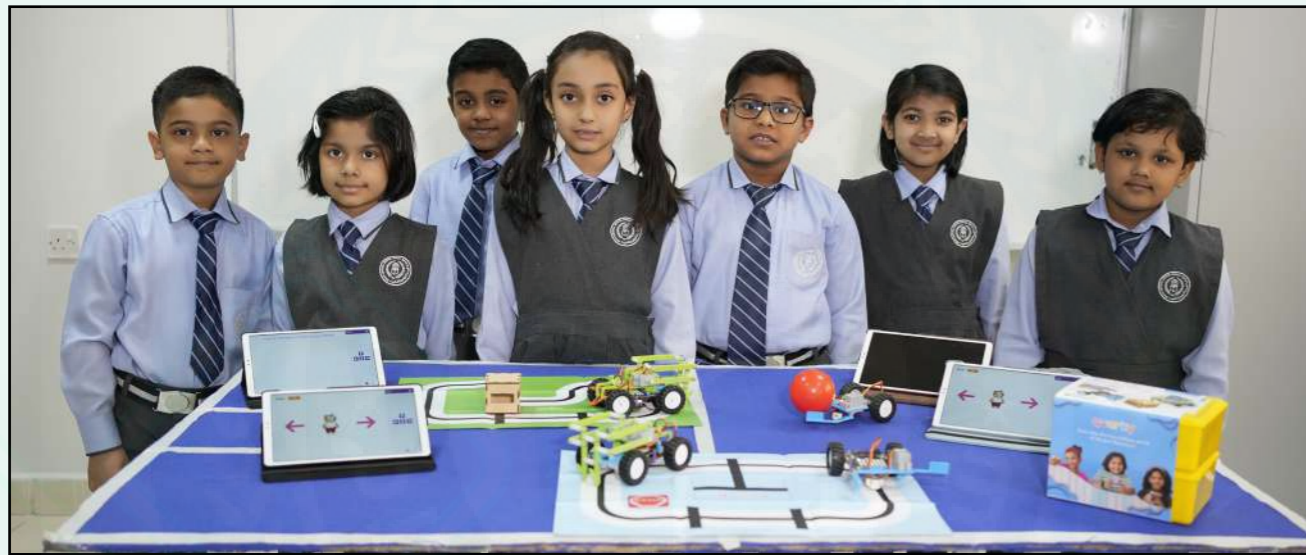

# Tech-Savvy Kids

## Indian Central School

My school has strategically integrated robotics and artificial intelligence (AI) into its curriculum, aiming to prepare students for the evolving technological landscape. State-of-the-art robotics kits and AI programming tools are provided, enabling students to engage in practical projects.

The curriculum includes dedicated courses and workshops focused on robotics and AI, allowing students to develop both theoretical knowledge and hands-on skills.

Sarwan Sabah Muhammad (XII E)

# Tech-Savvy Kids

## Pakistan English School

To encourage advanced learning, the school supports extracurricular robotics clubs and AI research groups. Students have access to advanced software and hardware resources, promoting experimentation and project-based learning. The interdisciplinary

nature of robotics is emphasized, connecting concepts from science, technology, engineering, and mathematics (STEM).

Shahar Bano Atif (XII A)

# Tech-Savvy Kids

## Aspire Indian International School

Students at AIIS immerse themselves in robotics classes through hands-on projects in our cutting-edge IT lab. They learn programming, circuit design, and problem-solving skills. Regular tech updates and industry in-

sights keep them ahead, fostering a dynamic learning environment. Our approach ensures students graduate with a strong foundation in robotics and current technological trends.

# Literary Whizzes

## Indian Central School

Ever since a young age, I love reading and listening stories. The habit has impacted my perspective towards life. It has made me think beyond the lines and enhanced a writer in me.

In my childhood, story-telling fascinated me and it kindled my imagination. I believe that a good writer is a good reader too. The habit of reading opens up knowledge and wisdom.

Aleena Anna Abraham (XII F)

# Literary Whizzes

## Pakistan English School

At PES, we cherish the precious gift of children and nurture their love for reading and story-telling. Our school is a vibrant hub of literary exploration, where young minds embark on thrilling adventures through books. Our students eagerly share their book

reviews, showcasing their favorite reads and inspiring others to dive into new worlds. Creative writing pieces allow their imaginations to run wild, while interviews with our young book enthusiasts offer insights into their passion for literature.

Zainab Moahsin (XII A)

# Literary Whizzes

## Aspire Indian International School

At the book fair held at AIIS, students immersed themselves in a literary haven, exploring diverse genres and engaging with knowledgeable authors. The fair fostered a passion for reading, offering a plethora

of educational materials. Students gained valuable insights, expanding their knowledge and cultivating a love for learning through the enriching experience of the book fair.

# Literary Whizzes

## Aspire Bilingual School

Reading is an essential skill that permeates everything we do. Our reading week included a book fair, a daily Drop Everything And Read (DEAR) time and a focus on story telling. To that end we invited guest readers to come and share their favourite book or story with their child's class and the response was overwhelming.

Students were presented with a wide range of reading materials, some in English and some in Arabic. Students were also encouraged to share a favourite book with their classmates while others were invited to read to other classes. The number of books read were recorded and posted around the school to recognize the efforts of our student readers and to encourage others to take up the challenge.
